## WORK EXPERIENCE

### Siege Media

Freelancer  
(October '24 -)

### TheGamer

Freelancer (June '24 -)

### FandomWire

Freelancer  
(September '23 - November '24)

### GamesHorizon

Full-time (April '23 - Sep '23)

### Greytip Software

Full-time (Aug '22 - March '23)

### Macondo Games

Freelance (2020-2022)

### Content Writer

I contribute to various clients' projects as and when needed. An engaging, SEO-friendly and researched-based approach is what I use for my writing.

### Guides Writer

I write guides for various games like Fortnite, Grand Theft Auto Online and more.

### Content Writer and Journalist

I've worked with the writing and editorial team at. Written over 600 articles ranging from reviews and editorials to news and interviews (conducted by me), I covered everything related to gaming.

### Content Writer and Journalist

Crafted several articles, listicles, and opinion pieces for the platform GamesHorizon. I also interviewed game developers and helped with the website's design.

### UX Writer / Conversation Designer

As part of the Design team at Greytip Software, I wrote and designed conversational prompts, personality traits and tone for their assistant chatbot - Bella. Along with Bella, I worked on multiple copy requirements for web and mobile UX improvements.

### UX / Narrative Designer and Social Media Manager

Worked on an upcoming 2D run-n-gun game - Global Steel. Designed the game's UX and website, along with managing their social media. Also voiced one of the main characters - Stormhammer.
